The application requires completion of four personal statements/questions:

1. What are your specific educational plans and career goals and why? What inspires you to achieve them?
2. What have you done for your family, school or community that you care about the most and why?
3. Describe a personal accomplishment, impactful change or experience that has occurred in your life. What skills and strengths were needed to respond and what did you learn about yourself.

Some scholarships require an extra essay about living or working in diverse environments. Such factors may include:

- Socioeconomic or educational disadvantage;
- Demonstrated experience with or commitment to serving or working with historically underserved or underprivileged populations, such as members of minority communities;
- Being in the first generation of a family to attend college;
- Geographic diversity, including students from rural or inner-city areas that might be underrepresented on campus.
