Studying

Let's learn about Military Service

Individuals join the military by enlisting in one of its branches. Enlisted members receive training in a job. Usually they enlist for a minimum of four years of active duty and four years of inactive duty.

Starting with the basics

Branches of Service

Jobs in the military

The military offers hundreds of different careers.

They use a test called the ASVAB to help place you in a career.

ASVAB Armed Services Vocational Aptitude Battery

About military life

Many new service members live on base in barracks, dormitories, apartments and even houses.

Each branch has a unique uniform and has different uniforms for formal events, physical training, and for work duties.

Types of questions

- General Science
- Math
- Reading
- Auto & Shop Information
- Assembling Objects
- Mechanical Comprehension
- Electronics Information

Air Force

Is responsible for aerial military operations, defending bases, & more.

Army

Is the largest military branch. It handles ground combat missions.

Coast Guard

Provides security, search and rescue for waterways, seas, and coast.

Marines

Provides land combat, sea-based, and air-ground operations support for other branches.

Service members may be deployed around the world to complete peace keeping, support, or combat missions.

Navy

Protects waterways outside of Coast Guard's jurisdiction.

Space Force

Trains, organizes and equips space forces to protect U.S. allied interests in space.
